

Science

Investigate how sound is created. Choose a creative way to present what you have learned.

Design and Technology

Design and make a musical instrument out of recycled materials.

Put your ideas down on paper first and draw and label it with what you intend to use.

When finished- Compare your idea with the final work. Is it similar? Did you change anything?

Handwriting

What's your favorite song? Find the words of your favorite song from the internet. Write the words out in your best handwriting. It is possible to decorate your work by including a border or drawing pictures that go with your song choice.

Language

Write a fact file about your favorite composer / singer / music group.

History

Music has changed a lot over the centuries. There are 6 different periods of music in history: Renaissance, Baroque, Classical, Romantic, Modern and Contemporary.

Can you draw a timeline of the different musical periods and find facts or examples of composer / singers from these different periods?

Art

Listen to a piece of classical music. Music often paints a picture in our head. Draw what you imagine when listening to the music. You may be imagining a story, a particular journey or perhaps different patterns or feelings.

THEME: MUSIC

Geography

Different countries have their own traditional music. Why not research traditional music of different countries. Choose a creative way to present what you learn.

Music

Why not learn to sing a new song or learn a new piece of music on an instrument. Send us a video of your performance.

Instruments are grouped into families eg Strings, woodwind, brass and percussion. Choose one family to research or why not do a small project and research the different families. Why not use Google Slides to present information about different instruments, or choose another creative way to present information.

Health and Wellbeing

Songs often make us want to dance! Why not choose a lively song you enjoy and dance to the music. Remember to send us photos or video.

Why not do some Zumba to keep fit. There are many videos available on the internet e.g. Just Dance Zumba. Remember to send us a photo or video.

It's important for us all to relax. There is a lot of relaxing/chillout music available on the internet. Why not put music on, close your eyes and relax for 5-10 minutes every day.
