

# Blwyddyn Newydd

Mae adnoddau ar Google Classroom i'ch helpu gyda rhai o'r rhain.

## Gwyddoniaeth:

Darganfod a chyflwyno gwybodaeth am un o anifeiliaid yr Artig, e.e., yr arth wen NEU am anifail sy'n gaeafgysgu.

## Technoleg:

Creu cynefin/cysgodfan i anifail gan ddefnyddio unrhyw ddefnyddiau gallwch ddarganfod, e.e. gwlan cotwm, bocs esgidiau

## Iaith:

Creu rhestr o addunedau flwyddyn newydd i chi'ch hunain.

Creu rhestr o addunedau flwyddyn newydd i rywun arall, e.e. aelod o'r teulu, person enwog (defnyddiwch ferfau gorchmynnol, e.e. rhowch, bwyteu, gwnewch ayyb)

Cyflwynwch nhw mewn ffordd **ddiddorol**, e.e. poster, iMovie, Google Slides

## Daearyddiaeth:

Pe baech yn cael y cyfle i fynd ar eich gwyliau, i ble fuasech chi'n mynd?

Lluniwch bamffled am y wlad gan gynnwys ffeithiau fel lleoliad, patrymau tywydd, poblogaeth, arian, atyniadau, sut i deithio yno, lluniau

## Daearyddiaeth:

Darganfyddwch sut mae gwahanol wledydd yn dathlu flwyddyn newydd (gweler y daflen ar Google Classroom)

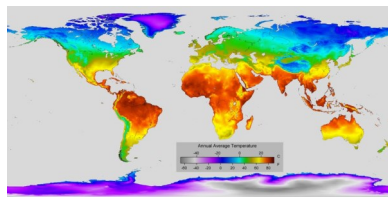

## Darllen:

Mae'n bwysig darllen rhywfaint BOB diwrnod. Darllenwch bethau sydd ganddoch adref ac mae tasgau ar Google Classroom hefyd.

Cofiwch fynd ar Reading Eggs hefyd.

## Mathemateg:

Dewisiwch unrhyw 10 wlad yn y byd a darganfyddwch y tymheredd yno heddiw. Yna, rhowch y gwledydd mewn trefn o'r wlad oeraf i'r poethaf.

## Mathemateg:

Defnyddio'r adnoddau canlynol i ddatblygu sgiliau rhif:

Mathletics

Hour of Code (gwefan)

Hwb - j2blast, just2easy, TT Blast ayyb

## Addysg Gorfforol:

Ymarferion llesiant meddyliol i blant gan Leisa Mererid (dolen ar dudalen Facebook yr ysgol).

Mae'n bwysig gwneud rhywfath o weithgarwch corfforol BOB diwrnod. Mae Joe Wicks (YouTube) yn wych, ond gallwch gerdded/rhedeg o gwmpas yr ardd, cystadleuaeth naid sêr ayyb.

## Daearyddiaeth:

Creu pamffled neu gyflwyniad PowerPoint/Google Slides i addysgu eraill ynglŷn â sut i fynd am dro/mynydda yn ddiogel, e.e. offer cywir, edrych ar y tywydd, dillad addas, rheolau Cod Cefn Gwlad ayyb.

# New Year

There are resources on Google Classroom to help you with some of these.

## Science:

Discover and present information about Arctic animals, e.g. polar bear or animals who hibernate.

## Technology:

Create a habitat/shelter for an animal using different materials, e.g. cotton wool, old shoe box

## Language:

Create a list of new year's resolutions for yourself.

Create a list of new year's resolutions for someone else, e.g. family member, a famous person (using imperative verbs, e.g. start, stop, eat, walk)

Present them in an **interesting** way, e.g. poster, iMovie, Google Slides

## Geography:

If you had the chance to go on holiday, where would you go? Create a travel brochure about the country and include information about the location, the weather, currency, population, attractions, how to travel there, pictures etc.

## Geography:

Discover what different countries around the world do to celebrate new year's eve (there's a sheet on Google Classroom to help you)

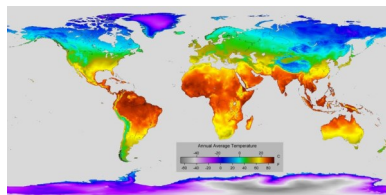

## Reading:

It's VERY important that you read something EVERY day. Read things you've got at home and there are tasks on Google Classroom too.

Remember to use Reading Eggs.

## Mathematics:

Choose any 10 countries in the world and discover the temperature there today. Then arrange the countries from the coldest to the warmest.

## Mathematics:

Use the following resources to develop numeracy skills:

Mathletics

Hour of Code (website)

Hwb - j2blast, just2easy, TT Blast etc

## Physical Activity:

Mindfulness activities for children by Leisa Mererid (link on the school's Facebook page).

It's important to do something physical EVERY day. Joe Wicks (YouTube) is fantastic, but you could walk/run around the garden, do a star jump challenge etc.

## Geography:

Create a leaflet of PowerPoint/Google Slides presentation educating others about how to walk/climb mountains safely, e.g. correct equipment, check the weather, suitable clothes and shoes, Countryside Code etc.
